Placement is based on skill level determined by instructor		
Varsity Band is a full year course that provides the advanced band student an understanding and appreciation of music either as a performer or listener and an academic approach to the presentation of public performances. Classes are devoted to further training in techniques and sight reading and to individual progress. Because this is a performing group, members will be required to attend all rehearsals and performances.		
<i>*Course content may address skills pertaining to these potential Career Zones: Arts & Communications</i>		
<u>INSTRUMENTAL SOLO AND ENSEMBLE</u> (VPAA) – J060	9, 10, 11, 12	1.0 credit
Solo & Ensemble is a course for students wishing to pursue in greater detail their studies in instrumental music. Students are given the opportunity to play their instruments as soloists and/or as members of an ensemble. Students will further their studies in music theory and harmony. Class members may be expected to attend and/or perform at the Michigan School Band and Orchestra Association Solo and Ensemble Festival.		
<i>*Course content may address skills pertaining to these potential Career Zones: Arts & Communications</i>		
<u>JAZZ BAND</u> (VPAA/OLE) – J070	9, 10, 11, 12	1.0 credit
Placement is based on skill level determined by instructor		
Jazz Band is a full year course that is a performing group that will consist of instrumental students who wish to perform various styles of music. Improvisation will be a main component of this class. Because this is a performing group, members will be required to attend all rehearsals and performances. Students interested in joining the group should contact the instructor.		
<i>*Course content may address skills pertaining to these potential Career Zones: Arts & Communications</i>		
<u>ADVANCED PLACEMENT MUSIC THEORY</u> (VPAA/C) – J075	10, 11, 12	1.0 credit
The AP Music Theory course is a yearlong course available to students interested in continuing their knowledge of music theory and musicology beyond traditional instrumental and vocal music classes. The course concentrates on preparing students for collegiate level music theory classes as well as for the Advanced Placement Exam. Students who take this course will develop a deeper understanding of reading, writing, and analyzing music and a fuller exposure to the impact of music's diverse cultures. This course is designed to introduce the basics of musical processes and to develop students' skills of musicianship. AP Music Theory will integrate aspects of melody, harmony, texture, rhythm, form, musical analysis, composition, musicology, and aural skills such as dictation, sight-singing, and listening skills. This course would be highly recommended for those students who are interested in pursuing music as a major in college.		
<i>*Course content may address skills pertaining to these potential Career Zones: Arts & Communications</i>		
<u>FUNDAMENTALS OF MUSIC</u> – J090	9, 10, 11, 12	1.0 credit
This course is a combination of Elements of Music and Beginning Band. The student learns the fundamentals of music theory, music appreciation and/or music history, and may also learn the basics of two band instruments. This course is highly recommended for those interested in pursuing a musical career.
