

Dresden Elementary

11400 Delvin Dr.
Sterling Heights, MI 48314
Phone: (586) 797-4500
Fax: (586) 797-4501

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2015-2016 education progress for Dresden Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact the building principal for assistance.

The AER is available for you to review electronically by visiting the following web site: <https://goo.gl/2Mva24> or you may review a copy in the principal's office at your child's school.

School Improvement Plan

Dresden Elementary Tier I Objectives:

- 85% of all students will demonstrate proficiency in math as measured by the state assessment and/or NWEA math by 6/10/2024
- 85% of all students will demonstrate a proficiency in content vocabulary in science as measured by the state and/or classroom assessment by 6/10/2024
- 85% of all students will demonstrate proficiency in reading as measured by the state assessment and/or NWEA reading by 6/10/2024
- 85% of all students will demonstrate proficiency in social studies as measured by the state assessment and/or grade level benchmarks by 6/10/2024
- 85% of all students will demonstrate proficiency in writing as measured by the state and/or district writing assessment or the 4 pt McGraw Hill rubric in ELA by 6/10/2024

Dresden Elementary had a successful 2015-2016 school year. Students showed measurable growth in meeting the rigorous goals that staff set for student achievement, based on the School Improvement Plan and our school's Tier I objectives.

Dresden Elementary data teams utilized a variety of assessments to analyze data including M-Step, Northwest Evaluation Association (NWEA) and classroom assessments. Teachers meet on a regular basis with the principal in grade level data teams to analyze data and collaborate in planning classroom lessons and intervention strategies.

At Dresden Elementary we have made significant growth from the 2014-2015 to 2015-2016 in our state assessments and in our local NWEA data. Although our building data shows less than ten students in each of our sub groups, we see collectively as a group, our English language learners struggle with the ELA portion of the assessments. Strategies in our school improvement plan to address this area of need by including small group focused instruction during guided reading, interactive notebooks to increase academic vocabulary knowledge, and the posting of shared learning targets in student friendly language so students understand the purpose of the lesson. Teachers meet regularly using assessment data in order to differentiate small group instruction more intentionally and to meet the needs of all students.

Student Enrollment

Students attend Dresden Elementary based on the attendance area serviced within our school boundary. A number of Utica Community Schools' students in other attendance areas enroll in our school based on the district's open enrollment process and nonresident students may attend through the Schools of Choice program.

Points of Pride

Our school continues to celebrate success in a number of key ways. Below are some of our Points of Pride:

- State of the art facility with immediate access to wireless technology throughout the building for the purpose of promoting 21st century skills and every general education and special education classroom has an interactive whiteboard
- In addition to every staff member being 100% highly qualified, all K-2 staff has received intensive professional development in the area of the blended learning model and science instruction. With our new reading series Reading Wonders being implemented this year our 3-6 grade staff has been trained through professional development in this as well as Discovery Science.
- Summer Math and Literacy lessons based on identified areas of needing improvement were developed and shared with students and parents and were made available on-line for summertime fun.
- The teaching staff (including support staff) is devoted to early intervention through incorporating the co-teaching model into the classroom. We are continually monitoring progress and implementing interventions using the Multi-Tiered Support System model that addresses all student needs.
- Students participate in numerous curricular and non-curricular enriched opportunities such as Academically Talented and Gifted Program, Student Council, Lego Robotics, Chess Club, Talent Show, Math Olympiad, Science Olympiad, 4-H, Ski Club, District Art Fair, Band, Honors Choir, Service Squad, and Safety Patrol. Fifth and sixth graders participate in a 4-H Outdoor Adventure Challenge Club.
- Students are active participants in community service projects such as Pint Size Heroes, Red Cross, Hat, Mitten and Canned Food Drive to support the Extended Hands Program, Pennies for Patients supporting the Leukemia Foundation and staff fundraisers that sponsor our own Dresden families during the holidays.
- Through the Leader in Me initiative, students have formed 8 student leadership groups that take on various leadership opportunities at Dresden. We have students who are members of our National Elementary Honor Society, an active Student Council and a Student Lighthouse Team.
- Dresden participates in “Blessings in a Backpack” program so that our students have the opportunity to join in a healthy eating initiative during weekends.
- Our Senior Stars are our volunteers who regularly work with students directly on their individual academic needs

Specialty Programs

All students have the opportunity to have equitable access to Specialty Programs through an open and accessible process. Please see Policy 6275 posted on www.uticak12.org under the Board of Education tab for further information.

Utica Academy for International Studies

Utica Academy for International Studies is a four-year, full-immersion specialty program designed for all students to have the opportunity to earn the International Baccalaureate (IB) Diploma in addition to their state of Michigan high school diploma. Classes in 9th and 10th grade prepare students for the rigors of the IB classes that begin at the start of junior year, where all students are required to register for seven IB courses, complete the 4,000-word Extended Essay on a topic of their choice, and complete at least 150 hours of creativity, activity and service hours. This rigorous and internationally minded curriculum encourages students to become active, compassionate and lifelong learners who value intercultural understanding and respect for others.

Utica Center for Math, Science and Technology

The Utica Center for Mathematics, Science and Technology is designed to bring advanced students with special talents and interests together with leading-edge technology. The Center utilizes an advanced curriculum for grades 9-12 which serves to inspire, challenge, and prepare students to pursue careers in mathematics and science. The Center follows the Utica tradition of providing the finest instruction and innovation.

Utica Center for Science and Industry

The Center for Science and Industry is a half day shared time program that provides 9th through 12th grade students with a variety of cutting-edge Career and Technology Education taught in an integrated manner. Along with core math and English classes, students select from electives, which will support one of three career strands: 1) Engineering and Technology, 2) Mechatronics, or 3) Multi-Media Technology. The CSI is project based and provides students with a wide array of experiences with professionals from business and industrial partners.

Core Curriculum

All the schools in Utica Community Schools offer students a comprehensive and rigorous academic program that meets and exceeds all state and federal standards. Our schools follow the Michigan Academic Standards in English Language Arts and Mathematics and are transitioning to the Michigan Science Standards. All other content areas continue to follow the Grade Level Content Expectations (GLCE). These standards can be accessed at www.michigan.gov/mde under the Career and College Ready tab – Graduation Requirements and Standards – Standards. The district's vision and mission statements can be accessed at www.uticak12.org.

District Assessments

Utica Community Schools not only looks at state assessments but we also monitor the progress of our students through the Northwest Evaluation Association (NWEA). NWEA is used to monitor and assess students in English Language Arts and mathematics using computer adaptive testing. NWEA aggregate student achievement can be requested from the school.

Parent/Teacher Conference Attendance

Number: 505

Percentage: 98%

State of Michigan Rankings

The State of Michigan has adopted an accountability system that places public schools in three categories based on state standardized assessment data:

- A Focus school is one that has a large achievement gap between the highest performing students and the combined results of 30 percent of those students needing additional assistance.
- A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.
- A Reward school is one that has achieved one or more of the following distinctions: top 5% of schools on the Top-to-Bottom School Rankings, top 5% of schools making the greatest gains in achievement (improvement metric), or “Beating the Odds” by outperforming the school’s predicted ranking and/or similar schools.

Some schools are not identified with any of these labels. In these cases no label is given.

Our school has not been given one of these labels.

We are pleased to provide this annual education report to our school community. The information that is contained in this report demonstrates our continued efforts to ensure every student achieves in our school. This report, however, only tells a small part of our success story. Every day our staff is continually finding new ways to enhance teaching and learning and engage our students in their education. We invite you to continue to be active participants in your child’s education by volunteering in the classrooms, serving on our parent groups, and working closely at home with your students on their assignments.

Dresden Elementary is fortunate to be serviced by a community that cares so deeply about education. Thank you again for your continued support of our students and the Utica Community Schools.

Sincerely,

Jami Wood

Principal
