Future Educators II is a yearlong, co-educational, college level course for high school juniors and seniors. This two-credit course is designed to provide students with additional hands on experience as to what it means to be a teacher. Students will spend 5 days a week in their assigned classroom placement in order to further their skill set as a teacher. Students will complete additional coursework assigned and submit material via an online medium such as blackboard. Students may also earn community service hours, training certificates, and letters of recommendation, scholarship and job opportunities.
