GR/MMC – Meets Graduation Requirements based on Michigan Merit Curriculum

21F – Course Available through Section 21F: Expanded Virtual Learning

*CAREER ZONES - Broad groupings of careers that share similar characteristics and whose employment requirements call for many common interests, strengths, and competencies.

THEATRE ARTS I (VPAA) (OLE) – B950 9, 10, 11, 12 1.0 credit

This course places emphasis on acting as a means of self-expression. Development of vocal techniques, stage presence, body language, and character are the framework of this class. Technical terms dealing with acting and production are introduced, used, and applied to scene study. An awareness of ensemble and its necessity in production are stressed.

**Course content may address skills pertaining to these potential Career Zones: Arts & Communications*

THEATRE ARTS II (VPAA) (OLE) – B960 9, 10, 11, 12 1.0 credit

PREREQUISITES: Theatre Arts I

At the Theatre Arts II level, students continue their education in theatre production and related activities. The class is conducted much the same as a workshop. Students have the opportunity to gain more instruction and experience in those areas in which they have demonstrated ability and interest.

**Course content may address skills pertaining to these potential Career Zones: Arts & Communications*

THEATRE ARTS III (VPAA) (OLE) – B970 11, 12 1.0 credit

PREREQUISITES: Theatre Arts II

Advanced acting techniques are emphasized in this course for the serious drama student. Students learn to perfect their acting skills both on stage and in front of a camera. Students concentrate on a professional level of achievement through effort, self-discipline, and responsibility.

**Course content may address skills pertaining to these potential Career Zones: Arts & Communications*

Stagecraft is a class that covers basic costume, make-up, and set design. Students draft basic floor plans, build scale models of sets, and learn to apply character make-up. The class works on the technical aspects of the school play and/or musical including set design, costumes, lighting, program, and props.

**Course content may address skills pertaining to these potential Career Zones: Arts & Communications, Engineering/Manufacturing, and Industrial Technology*
